

# ABOVE PENDANT

The fixture emits soft comfortable downlight. The conical shape and the matt, white-painted inside help assure even distribution of the light. The opening in the top of the fixture provides decorative illumination of the arch above, and ensures that the fixture retains the full expression of its visual shape both when illuminated and when switched off.

## Mads Odgård

The Danish designer Mads Odgård (1960 to present), is a leading figure in a new generation of international designers. He is a minimalist and a 'less is more' man, who would rather deduct than add. More than anything, he believes that excellent design must be logical and functional if it is to endure.
