

# PATERA OVAL PENDANT

## Patera Oval Pendant - 5741105942

---

The pendant is a glowing ellipsoid made up of diamond-shaped cells. Each cell has been carefully designed to capture light and to conceal the light source from viewing angles above 40 degrees. Below 40 degrees the lamp allows direct, downward light. The round opening underneath provides direct light with a soft transition towards the reflected light. The pendant can be used with or without a diffuser plate, depending on whether the view of the light source creates an unwanted glare or not.

## Øivind Slaatto

Øivind Slaatto (born 1978) is a promising Danish designer, recognised for his simple and poetic solutions. Nature is Øivind's most important source of inspiration. He also seeks to transfer characteristics such as rationality, logic and harmony to his designs.
